IMPORTANT EVENTS

PENDING AT MARSDEN

At a meeting held in the Poe Room at Marsden under the auspices of the Marsden Board of Trade, a cordial invitation has been extended to the farmers around, and in consequence a fair number attended. The president (Mr. A. E. Edwards) explained that the Board of Trade were anxious to hear the views of the outside friends on several matters in connection with the community as an whole. Mr. H. B. Polkinghorne, J.P., was elected as chairman of the meeting with Mr. Kendal W. Coe as secretary.

COMMUNITY HALL

This question was discussed from all angles. Mr. John Proctor said he could build a hall for the convenience of the people around 26 x 70 and have the same ready by May 24th 1925. Mr. A. G. Newport considered it would be better to have a publicly owned hall in preference to a privately owned one. In the end it was moved by Mr. Mahoney, seconded by Mr. Edwards "That this meeting approves the suggestion of Mr. Proctor of building a hall." Carried.

DOCTOR

Mr. H. L. Johannes raised the question of a doctor, deeming it admissible that one should be obtained as soon as possible. Mr. Edwards explained what had been and was being done by the Board of Trade, and expressed the hope that they would soon have a medical man in the district.

CREAMERY

Mr. Edwards said he would like to have the ideas of the meeting regarding a creamery for Marsden and moved "that a committee be appointed to find out how many dairy cows were in the district, and the quantity of cream which could be obtained." H. L. Johannes seconded.

Mr. K. W. Coe suggested that one from each school district be appointed. This was adopted with the result that the secretary of the Board of Trade (Mr. C. Hess) will write to the secretary of each school district in an endeavour to secure this information.

HIGH SCHOOL

The question of a high school was discussed but the matter was tabled for the time being.

AGRICULTURAL SOCIETY

Mr. H. L. Johannes moved that we form an Agricultural Society in the Manitou Lake District. This was seconded by Mr. K. N. McRae; and after listening to Mr. R. G. Bruce, who explained the functioning of an agricultural society, the resolution was carried unanimously.

Mr. Edwards moved that "a committee be appointed, consisting of one from Marsden and one

LARGE FAMILY PARTY FOR ALBERTA FARMS

MANY more inquiries are being made in the United States for farm homes in New Ontario than ever before, according to a Dominion Government official stationed at Detroit, but Manitoba and northern Saskatchewan and Alberta is the objective of most of those now being sent north or who are negotiating to cross the line.

"I am sending a number this spring to northern Alberta, around Lac LaBiche," said this agent. "In

June, 1923, I sent him here to that place 35 people in one car. ALL THE FAMILIES OF THE FOUR PLAMONDON BROTHERS. They lived at Provment, Mich., and their parents originally came here from Quebec. These people were experienced farmers, had a little money and prospered from the first. They have a big family, friends and relatives responsible for many more going into Alberta. There are many Quebec French in Ohio and Michigan and

many of them are returning to British soil. I do not think it is an exaggeration to say that fifty per cent of all those now crossing the line both to the prairies and New Ontario, are former Canadians going home or Americans who have previously resided on Canadian farms."

STATION CNRW, WINNIPEG, "ON THE AIR"

RADIO Station CNRW, operated by the Canadian National Railways at Winnipeg, Manitoba, is a fine example of a studio in the Concert Room. Located on the seventh floor of the Fort Garry, the company's hotel in Winnipeg, the station is listening to opinions expressed by listeners in all parts of Canada and the United States. The acoustic treatment of the room allows itself splendidly to microphone transmission; plenty of space is available for properly placed speakers, and the room is even to brass and pipe bands, symphony orchestras and large choirs, and the broadcasts, which are carried over the company's own station CKY, have gone across splendidly since this location was secured. Photograph shows the studio as it appeared on Thursday, January 22, when the photographer interrupted the broadcast for a few minutes with his camera.

From left to right the photograph shows The photographers' table, the contributors' table, the microphone and the sound umbra. R-R-R.

"mike"; Miss Helen Huggard, contralto; The Melody Three and Mr. Gus Hughes, assisting violinist Al Kilgour, popular soloist, and Miss Olean Hogan, soprano.

CNRW broadcasts each Thursday evening from 8 till 11 o'clock on Central Standard time, beginning with livestock market reports, the Kiddies' Travel Tales; studio vocal and instrumental program, announcements, Frank Wright's Country Club dance orchestra in dance program from the main dining room.

DELEGATE'S REPORT

OF SCHOOL TRUSTEE'S
CONVENTION, CALGARY

Some four hundred delegates attended this convention, representing 4000 schools in Alberta, or more than double that amount of rooms and teachers employed, in the First Baptist Church, Calgary, February 3rd, 4th, and 5th.

Addresses of welcome were given by Mayor Webster of Calgary and Rev. H. H. Bingham. During the sessions interesting speeches were made by Hon. Perrin Baker, minister of education; Mr. Selwood, chairman of the Calgary School Board; Harcourt O'Reilly, chairman of the Separate School Board of Calgary; Dr. H. J. Snell, of Red Deer; Dr. Lovring; C. F. McNally, and others. Interesting debate and questions following most of the speeches.

Harcourt O'Reilly made an excellent speech of interest to all school trustees, and pointed out clearly the heavy expense incurred by the province in training teachers for their work. It cost the provincial government more than four million dollars per year to train teachers for their work. He said that the average duration of time spent as a teacher by those thus trained was only three years. As a matter of economics and public policy, the aspect of the educational question that required careful consideration with a view to obtaining better results for the money spent on such training

Hon. Perrin Baker dealt at length with the education problems of the province, and emphasized the need of more money to carry on the rural schools. He suggested, what he termed an "Equalization of Rates", but which was in reality an entirely new tax. His proposition being to impose a tax of three mills on the dollar on the whole province, and the money to be devoted to those districts which were in poor financial standing. He estimated receipts from this source to amount to \$1,600,000 per annum.

A resolution embodying the suggestion of the minister was afterwards defeated when being felt that this was imposing an unfair burden upon those districts which had conducted their affairs in a business like manner.

Dr. H. R. Smith, of Red Deer, gave an instructive address on the need of proper attention to the eyesight. He showed that many a pupil who failed to make proper advancement in his studies was found to be suffering with defective eyesight with its position for mental work. He produced suitable charts for school use, stating that many teachers had bought them at their own expense and urged that each school board should instal

UNION BANK PRESENTS
SIXTIETH ANNUAL REPORT

The Union Bank of Canada, with its Head Office located in Winnipeg, is regarded as representative of Western Canada in the banking world, and the sixtieth annual report, which was presented to the shareholders at the annual general meeting held at the Head Office on Tuesday, Jan. 13th, will therefore be of particular interest to all Western Canadians. Being the sixtieth annual report to be issued, it marks the diamond jubilee of the institution.

The year 1924 has seen a continuation of the unsettled business conditions which made the previous year 1923, one of unusual difficulty for banking and financial institutions, and the balance sheet now made public is a striking tribute to the sound policy which has brought the year's business to such a successful conclusion. All requirements of the shareholders have been met and an efficient nationwide banking service has been maintained.

The profits earned during the year together with the balance of profits carried over from 1923, give a total of \$1,229,016 available for distribution. This has provided for the payment of four regular quarterly dividends amounting to \$640,000 for Dominion Government taxes \$134,581, and for the usual contribution of \$10,000 to the Officers' Pension Fund. Adhering to their conservative policy, the directors have wisely appropriated the remainder of the profits to a reduction of \$25,000 in the value of Bank Premises, to set up of a contingent account of \$100,000, and to increasing the balance to be carried forward.

The total assets stand at \$120,575,115 as shown by the balance sheet. The reserve and undivided profits are \$2,069,434. In common with the experience of other banks and investment institutions, the period under review has shown a small contraction in the amount of savings. Savings accounts represent \$66,987,204; and the current accounts \$25,287,812 of total deposits of \$92,275,016.

It is to be noted that there is no item corresponding to the liability of \$8,100,000 to the Dominion Government institutions the period under review has shown a small contraction in "Advances under the Finance Act" including that the Bank's enviable liquid position has this year enabled it to take care of the peak load of business incident to the movement of Western Canada's crop without having to take advantage of that provision of the Finance Act which permits borrowing from the Government for this purpose.

Shareholders, depositors and the public generally, will commend the excellent guidance of the Bank's affairs which has brought such satisfactory returns to the shareholders, and at the same time has not only maintained the already strong position of the Bank in relation to its liabilities to the public, but has improved it, and the statement also reflects much credit on Western Canada for the measure of support and confidence which has enabled the Union Bank to make such a good showing.

"Bring me a"

At the top are seen the chefs at work on the new train which operates between Montreal and Winnipeg over Canadian Pacific lines in 39 hours 45 minutes, daily. Below, a comfortable meal with a landscape changing many times with each course.

How would you like to be called upon to prepare a meal for 125 or more people in a kitchen 21 feet long and a little over 6 feet wide, in which four other than yourself were working, and in which all your stores and supplies were kept? You might consider it a fairly tall order, and yet day after day many men are doing this very same thing at least three times a day in the kitchens of the railway dining cars which render travelling hotel service across the continent. In addition to the space mentioned, the kitchen and dining room staff have only a pantry seven feet by six in which to work, yet who has not wondered at the seeming magic with which the waiters proceed at very short notice the choicest of foods and delicacies cooked and garnished to tempt the most dainty appetite and appease the most hungry?

The key note of this remarkable service is, of course, system, and then training. Investigating, one finds that each class of food has its own refrigerator, and that each of the refrigerator and ice-well, each drawer and each of the innumerable lockers are so arranged as to permit of ready access with the minimum amount of lost motion. Everything as and in its place, the separate refrigerators being provided in order to avoid absorption of odors from the pungent variety of foodstuffs by those of a more delicate quality. The cooking is done on a burner in the case of steaks, fish and ham, etc., or on the large coal range. Dairy products and fruits are stored in the pantry where silver, glass-ware and crockery is kept.

The preparation of the menu card is done under the personal supervision of the superintendent and a full

set of bills of fare covering all meals to be served on the run, are handed to the steward and chef. They make out a requisition for the necessary quantity of supplies, basing their estimate on the average travel, and all foodstuffs are checked and examined as to quality by the Chef personally as they are placed in the car, and put into the receptacles provided. Everything is then ready for the preparation of the meal. There is, however, a great deal of work to be done before the "first call" is made.

Stock has to be prepared for soup, poultry and fish cleaned, garnitures cut, vegetables cut and many other things. The Chef sees that everything possible is prepared ahead, but will not permit the preparation ahead of such items as require to be prepared as ordered. All broiled foodstuffs and such things as toast and eggs for instance must be prepared only as ordered.

As to the division of duties, the Chef prepares soups, sauces, cooks all roasts, fries and grills all meats and generally supervises the work of the kitchen staff. Second cook makes all pantries, puddings, cakes, muffins and coffee; third cook peels all vegetables and assists the second cook with the other work; fourth cook is a general utility man and does the washing of dishes, pots and pans. The fifth cook, sometimes called the pantryman cuts bread, butter and prepares salads, grape fruit, oranges, etc. This division of labor permits of the service of meals just as quickly as passengers can partake of them, and very often one kitchen staff in the Canadian Pacific dining car service will turn out nearly 400 meals in the course of one day.

CHAUVIN'S 1925 BONSPIEL IS HIGHLY SUCCESSFUL

The Chauvin 1925 Bonspiel has proven a most successful event. With a full list of really worthwhile prizes offered for competition in addition to the various cups, rinks from Wainwright, Edgerton and Ribstone entered the competition, together with our good friends from Prosperity.

The two sheets of ice were fully occupied from morning until late at night in the lengthy series of matches necessary to complete the three competitions. More than one curler had to confess he was more tired than after a day of hard work. Albeit, everybody had a good time and most went home with some trophy from the Chauvin 'Spil.

The following is the list of links competing in the Chauvin bonspiel:

BUDGET SYSTEM FOR MAINTENANCE OF LOCAL CHURCH SERVICES

A special meeting of representatives of the congregations of the mission field was held in the Westminster Church, Sunday afternoon, February 8th. Rev. Simons, who has charge of the North Alberta missions was in attendance and outlined a scheme for financing the salary of the minister. Owing to less funds being available from head quarters, it was necessary that a larger proportion of the expense be borne by the local congregation. Thus it was necessary that the money be raised in the following manner: Chauvin \$700 per annum, Killarney, Edginglassie, Airle and Prosperity \$225 each. Representatives of these congregations will lay these proposals before their members, and it is hoped that satisfactory arrangements can be made for the maintenance of the preacher.

EDITORIAL COMMENT

The problem to which the Alberta legislature should pay the most strict attention during its coming session is ECONOMY—Economy spelt with BIG CAPITAL LETTERS. The citizens of Alberta pay a tribute of taxation to their provincial government almost twice as much as do the citizens of Quebec to their provincial government. Contrariwise, the farmers of Quebec obtain nearly double for their produce. Thus Alberta's burden of taxation is fully three times as great as that of Quebec. Getting down to "brass tacks" this means that our legislators will be well advised to quit talking of provincial income tax, petty licensing schemes, and all other means of extracting further cash from citizens; and do as all the rest of us have done—CUT EXPENSES.

From time to time propaganda reaches our office enlisting our sympathy to the abolition of the death sentence for murder. For our part we have no sympathy with such "mamby"pamby" ideals. The man who commits murder is usually a coward of the worst description and his life is of no value to the community. We will strenuously object to harboring this class of individual in a penal institution for the rest of his life at public expense certainly for as long a period as we have no accommodation in the province for the deserving aged and infirm citizens who have spent their life in useful labor. If money is to be spent giving refuge to any class, it should be devoted to housing deserving aged in preference to those who chose to commit murder.

"Well," said an acquaintance of ours, "I'm not going to the municipal meeting Saturday, I've no kick." There that's just the trouble. The good, sound, sane citizen too frequently carelessly absents himself and leaves the floor in the hands of the men who have a "kick." When the man with a "kick" gets heated up sufficiently to attend these meetings, he frequently has got "so sore" that he is liable to cause as much harm with his remedy as the ill he seeks to cure. When the sound, solid, sane citizen is absent the "kicker" has the field all too much in his own hands.

Now do not think for one moment that we infer that every man who raises a point at these annual meetings is a "kicker." Far from it, we have the most keen respect for the man who can point out a weak spot, and at the same time come forward with a practical suggestion for its remedy.

If you have a "kick" take it along to the meeting, and with that "kick" take a practical suggestion for its rectification. Otherwise you are failing in your duties as citizens.

If you have no kick, go to the meeting and voice your appreciation of the work of the men who have performed the duties of councillors on your behalf. Yes, they have been paid a certain amount of mileage and per diem allowance for road work and attendance at meetings, but these meagre sums have been insufficient to pay for the time, thought and labor they have expended during their term of office, in fact they are quite heavily "out of pocket" by reason of their office. In a word they deserve an expression of appreciation just as much, or more, as any fault-finding the ratepayer may have to make.

Did you ever meet the "afterwards man"? He is the man who will tell you what he would have done if he had been at such meeting.

Chauvin and district may well take pride in her local winter sports this season. A fine healthy sport spirit has been in evidence throughout the whole winter. OUR SHORT SERMON

By the Editor

God said: "Let there be light"; and there was Light!

Science is slowly making its laborious way towards a realization of the immensity of the truth contained in the above words. It was recently the experience of the writer to be taken into an X-ray room, where after a minute or so spent in almost perfect darkness he was subjected to those strange light rays which enabled the doctor to see clearly everything within his body. In other words, the inner secrets were revealed by that penetrating light. As it is with the body, so it is with the soul. God's searching light tries our most inward parts, and there is nothing hidden from Him.

Were He a god of vengeance alone, we might well be terrified with this awful thought: we could do none else than futilely endeavour to escape His presence. But He is a God of mercy and of love as well as a God of justice; and this thought brings comfort to us. His judgement is based upon what He sees within us—no t alone our failures and our sins; but also our desires to do and be right. He also sees the good in us that our neighbors fail to observe. He also sees the good in our neighbors that we fail to observe.

God's light is also given for the benefit of His creatures. We all enjoy the blessings of physical light, even the blind participate in part of its blessings. There is a spiritual light given by God to man, and even the most blind of us participate in some measure in its blessing. We are told that His Word is a lamp and a light to our paths; the city of it is that we so seldom use this light, we wonder we go astray.

Man has a responsibility. Whilst he cannot be hidden from the Light of God, it remains possible for him to resist that Light so that it does not enter his life, in fact a man may love darkness rather than light because his deeds are evil—but it's a terrible darkness.

Again we are told by Jesus that He is the light of the world and he that followeth Him shall have the light of life. We have learned through science that sunlight has wonderful curative powers upon the body; in a like manner we may learn that God's Light has a wonderfully curative and restorative power on our souls. Why not let His Light shine in upon our inner lives? Why not enjoy its cheery rays upon our darkened paths? Why not let us direct our paths by its guidance? Why not let its genial warmth and life-giving powers revivify and make glad our lives? Until at last our soul enter that heavenly state wherein "they shall have no need of the sun for the Lord giveth Light."

Passenger Man Appointed to Railway Executive

W. B. HOWARD

W. B. Howard, whose appointment as General Executive Assistant has been announced by E. W. Beatty, Chairman and President of the Canadian Pacific Railway. Mr. Howard, who has been Assistant General Passenger Agent, succeeds F. L. Wanklyn, whose retirement was announced at the end of the year.

Mr. Howard is one of the younger of the Company's officials although he entered its service twenty-five years ago. Born in Chatham, N.B., he joined the Canadian Pacific forces as junior clerk at St. John, N.B., in 1897, and two years later was promoted to the position of travelling passenger agent. Since that time his promotion has been rapid and he is well known throughout the east as a very competent officer. On two occasions Mr. Howard has been in charge of the train placed at the service of the Prince of Wales by the Canadian Pacific.

TEN THOUSAND DOLLAR FIRE AT MARSDEN

Marsden was visited by a disastrous fire during the early hours of Monday morning February 17th. At about a quarter to six the implement shed of J. A. Proctor was discovered to be in flames. In the lack of fire-fighting apparatus every effort was made by the citizens to keep the fire under control with the result that the flames were prevented from spreading to the Edward's store, Bank of Commerce and the Imperial Lumber Co. yards, each of which were at times in danger. A loss of over \$6000 has been incurred by the destruction of Proctor Garage, of which only \$3000 is covered by insurance. The C. Mah Tong restaurant, valued at \$4000 with insurance of \$3000 was also completely destroyed. Four cars in the Proctor garage were destroyed, only one of which was insured. The cause of the fire is unknown.

Ten bars napha soap and a one pound package of washing ammonia. All for 75c. at Saker's

RULES GOVERNING SEED FAIR

1. All exhibitors must be members of the Chauvin Agricultural Society.
2. In the case of wheat, oats, barley and rye, the exhibitor must have for sale, or be retaining for seed on his own farm, at least 50 bushels of wheat, oats, barley and rye, 5 bushels of potatoes, 25 bushels of flax.
3. In classes 1 to 16 inclusive one bushel of seed shall be shown; in classes 17 to 18 one-half bushel. All exhibits of seed shall be held to be representative of the total quantity of such seed offered for sale by the exhibitor.
4. No premium shall be awarded on exhibits that contain impurities which, in the opinion of the judges, are of noxious nature.
5. No exhibitor is allowed to make more than one entry in each class of Seed Grains and Potatoes.
6. All samples of seed must be labelled after the name and address of the exhibitor, the name and the variety, the amount of seed for sale, and the selling price.
7. The committee in conjunction with the judges reserve the right to debar any exhibit on which, in their judgement, a prohibitive price is placed.
8. Any exhibitor making entry under any of the above classes shall guarantee that his exhibit is a fair sample of the seed he has for sale, and was grown on his own farm in 1924. (Exhibits in classes 11 and 12 alone excepted).
9. Before prizes are paid each exhibitor will be required to certify that his exhibit strikes no contest with regulation. In case of failure to do so the next in order will be awarded the prize.
10. In the event of less than three entries in any class, first or other prizes will only be awarded at the discretion of the judges.
11. The society will furnish poultry crates in the hall.
12. Entry fee shall be ten per cent of amount of first prize.
13. Potatoes may be selected.
14. Persons entering registered seed must produce certificate of registration at the time of making entry.
15. Exhibitors in Poultry classes will be allowed the privilege of making more than one entry in any desired poultry class. But no individual bird, or pen of birds, may be entered in more than one class.

He made money on the farm

OF many a farmer retiring to a well-earned rest it has been said, "He made a lot of money on that farm." The fact is that he made no more money than his neighbour, but he saved a great deal more.

(Continued From Page One)

these charts and have them used regularly so that any defective eyesight might be detected and recommendations made to the guardians for treatment of such cases.

The new course of study and the new text books were outlined by Mr. G. F. McNully. He stated that in some instances the teachers were experiencing a lit-

tle difficulty owing to the change but that those now going through normal schools were being trained in the new course. The new course was proving satisfactory and had many points of advantage over the old.

The importance of the healthfulness of each pupil was strongly emphasized by Dr. Lovring in the course of an highly instructive address. And as a result of his recommendations a resolution was passed requiring school boards and trustees to obtain services from the government (free of cost) and that districts be responsible for doctor's fees for administration.

During discussions it was stated that school districts having to close because of bad weather had the option of completing the term during holiday periods.

Regarding hastening of publication of departmental examinations it was shown by the government that every effort was being made in hastening the work, and that any further speeding up could only be accomplished at the sacrifice of efficiency and at a largely increased expense. The results of grades 11 and 12 were always given to the public at the earliest opportunity by the co-operation of the press of Alberta with a view of allowing a maximum length of time for preparing to go to Normal. Some delegates expressed the opinion that it was more necessary to give grade eight results first to enable scholars to locate a new school where necessary.

The expense of education in Alberta has doubled since the year 1918. The educational tax in unorganized districts amounted to \$200,000 per year. The department had a staff of 57 in Edmonton with 27 inspectors on the field. There are over 2700 schools in the province, with over 4000 rooms and teachers.

A resolution recommending that the teachers hold their convention during the Easter holidays was passed; and another to the effect that all S. S. B. lands reverting back to the Crown should be taxable.

A resolution calling for previous notification of the inspector's visit was defeated. It being the opinion of the convention that such action would preclude the possibility of an accurate report on the actual prevailing conditions of the schools.

PROSPERITY NEW 4

The Valentine's concert and dance held by the Prosperity young people, was a great success. The school was crowded by the large number of people from Chauvin, Marsden, Northern Crown, Airrie, Rosos and Prosperity. A splendid program was put on, under the directorship of Mr. A. Liddle, who should receive much credit for his excellent management. The main feature of the program was a two-hours play entitled Topsy-Turvy, which kept the people in fits of laughter. Besides this was the opening chorus, "We don't have much money but we have a lot of fun." A song and encore by Mr. Cubitt; A song by the Misses Eunice Burke and Irene Harris, and recitation by Misses Lillian Harris and Mae Tritt, Mr. T. Neil ably filled the position of chairman. After the concert the room was soon cleared and dance-

ing began. It was crowded owing to the large crowd and small floor space, but everyone enjoyed themselves. The music was furnished by the Chauvin Orchestra. During the dance the ladies served an excellent lunch. It was morning before everyone had left the school tired but happy.

The cast of the play was as follows:

Topsy Turvy—Carrie Spence
May Holden—Clariss Craddock
Mrs. Clarendon—Eunice Burke
Frank Holden—Frank Ryall
Miss Spriggs—Irene Harris
Ned—Fred Beavy
Deacon Jones—Alfred Spence
Lord Clarence—Adam Spence

On Friday afternoon the children at the school were given a Valentine party. They played many games for awhile in which all the children took part. After this they distributed the valentines from the Valentine Box, and last but not least came the lunch of cake and cocoa, followed by home made candy and pop-corn. The visitors to the party were Mrs. Ryall, Mrs. Miller and Mrs. Neil, also four little tots, Marguerite and Isabelle Neil and Charlie and Ethel Ryall.

Prosperity won the Vanderlip Cup also first prize of four Auto Robes at the Chauvin Bouspiel last week. The team that won

such honor was composed of G. Newstead (skip) supported by A. Craddock, A. Taylor and J. White

Mr. W. Roulston was "under the weather" last week. He had a touch of the gripple.

The young people did not curl last week owing to the absence of rocks which were at the Chauvin Bouspiel, also they were very busy practising for their concert.

EATON'S SPRING AND SUMMER 1925

The Book of Approved Styles

For Spring and Summer Needs

Personal attire, household goods, farm and office equipment, and almost every line of requirements are offered through the pages of this Catalogue.

It is now being mailed to our huge mailing list. Should a copy not be in your house shortly, we invite your request for one.

Particularly in Wearing Apparel, we would emphasize the fitness of the EATON Catalogue to set the standard for the West. The approved styles, in the favored materials, are attractively shown in women's, men's, junior and juvenile wear. To be EATON-dressed is to be correct in style, and "in pocket" financially. Our quality, as ever, sets the high standard of values.

East: A. G. Newport
West: K. W. Coe

It was unanimously decided that the Manitou Lake Agricultural Society ask for the co-operation of their Neilburg friends in this matter in order to ensure the success of the new society, and with this in view Mr. Bruce and Mr. Wells (in conjunction with Mr. Tenn Williams, of Neilburg) will visit Neilburg in the near future. The meeting then adjourned.

MANITOU LAKE AGRICULTURAL SOCIETY

The first meeting of the committee of the Manitou Lake Agricultural society took place last Wednesday. Mr. Kendall W. Coe was elected secretary-treasurer pro tem. It was decided that when the requisite number of members were obtained to call a meeting at some central place to elect officers.

It is the hope of the committee that now an agricultural society has been started that all farmers their wives and others will join up and show that the Manitou Lake district is just as "go ahead" as the rest of the province. The membership fee is \$1.00, and any one of the committee will be pleased to hear from intending members.

MANITOU LAKE TELEPHONE SYSTEM

A serious break in the line of the Manitou Lake Rural Telephone Co's line causing eleven poles to come down with the result that the telephone service is dislocated, occurred on Monday week. It is hoped however to have things put right again ere this appears in print.

SPECIAL NOTICE

CHANGE OF DATE OF CHAUVIN SEED FAIR

On account of the fact that the annual meeting of the ratemakers of the M.D. of Ribstone and the Chauvin Seed Fair and Poultry Show having been announced for the same date the directors of the fair have decided to postpone same for one week and it will be held on Saturday February 28th.

AUCTION SALE

Preliminary announcement is made of a sale to be held some time in March on the Joe Pelletier farm by George Reynolds auctioneer. Watch for further details.

ALBERTA BENEFITS FROM BIG FLOUR ORDER

Alberta flour mills will receive direct benefit. It is expected, from the large order placed by the Russian government with the Canadian mills for more than \$12,000,000 worth of flour. The order is to be filled by the Maple Leaf Milling Co., which has a mill at Medicine Hat, Alberta, and by the Western Canada Flour Mills Co., which has mills at Calgary and Edmonton.

Mr. and Mrs. A. E. Keith have left for a visit to Medicine Hat where they will attend the Odd-fellow and Rebekah Grand Lodges as delegates from the Chauvin Lodges.

We notice the name of O. H. Scholin amongst those who are taking the short course for Weed Inspectors at the University at Saskatoon.

Apples, Apples, Apples and all kinds of fruit and vegetables at Saker's.

Your last chance to get a box of good sound Wagner apples at \$2.15. Absolutely the last chance at the price. Saker's have them.

Don't forget that the date of the Chauvin Seed Fair and Poultry show has been changed to February 28th.

Here and There

The Earl of Leitrim, Irish peer, who has been touring Canada, was much struck with the resemblance between north-west Ireland and the maritime provinces, with their wooded hills, sandy beaches and plenty of fish and game, as playgrounds for the tourist.

What is believed to be the largest salmon ever caught by hook and line in waters adjacent to Vancouver, B.C., was landed at Horseshoe Bay, Howe Sound, recently by A. C. Cohen. The fish measured four feet, one inch in length and weighed 64 pounds. It took 35 minutes to land it.
